Supplementary description

I would like to keep my old packaging⁴ I would like a new packaging⁴

I ask for warranty repair, a copy of the invoice is enclosed⁵

Upon receipt of your riflescope, a failure analysis will be performed. If it is determined during this process that the defect is not covered by our warranty, we will contact you with a cost estimate.

City, State _____ Date _____ Signature _____

⁴If you do not select either of the two options, you will automatically receive a new package.

⁵This document is required to check whether your product is still under warranty and can be repaired under warranty. We accept no liability or responsibility for enclosed accessories.

In order to be able to process a service case, the storage of your personal data is necessary, you can find our current data protection declaration under schmidtbender.de/en/privacy-policy
